

# The Rembrandt

Square Footage: 3150 - 3575

Bedrooms: 3 - 5

Baths: 3 - 4

Exquisite detailing begins outside with the cottage-like stone exterior and courtyard entrance. The meticulously designed columns in the twelve-foot high entry, dining room and family room define the inviting spaces. Efficiency and livability is evident in the open kitchen with breakfast bar and breakfast nook leading to the deck. The sumptuous master suite features a high ceiling and see-through fireplace that leads to the elegant master bath. For added privacy, two additional bedrooms with a Jack and Jill bath are located away from the master suite. The triple dormer in the room-over-the-garage is a charming blend of old and new in this European-style home.
